

Unit 3 Vocabulary

Chapters 5 and 6

Place each of the following words into its proper category. **You will need to include the word and its textbook definition.**

anesthetic enclosure capital enterprise entrepreneur putting-out system (cottage industry) turnpikes
 urbanization tenements labor unions utilitarianism socialism means of production communism proletariat social democracy
 dynamo interchangeable parts assembly line germ theory urban renewal mutual-aid societies standard of living
 cult of domesticity temperance movement women's suffrage racism romanticism realism impressionism

Words could possibly fit into more than one category. Use your textbook for context. You only need to write the word and definition once, but be prepared to back up your choice in class.
